4			

The IT Services Documentation Naming Standard is employed to identify revisions to this document. The Documentation Naming Standard is detailed in the IT Services Process Architecture located on *InSite*.

4.

**The Project Sponsor, by signing this Charter, agrees this document accurately describes the project scope and what this project is attempting to accomplish. Therefore, the Project Sponsor authorizes the designated Project Manager's ability to (1) continue into the Planning phase, (2) form the required project teams and assemble other required resources, (3) and assist all involved in the project in adhering to the Project Lifecycle. The Project Sponsor agrees to commit the necessary resources to ensure the project is promptly planned, developed, and implemented.**
